

ABIRAMI SHANKARI S

 abiramishankari26@gmail.com |  +91-90923 17312 |  Coimbatore, India |  linkedin.com/in/abirami-shankari-s

PROFESSIONAL SUMMARY

Third-year CSE student with practical experience across frontend development, AI/ML, and embedded systems. Four published technical papers and three national hackathon wins reflect a consistent ability to build and innovate under pressure. Actively involved in developer communities and sustainability initiatives, seeking to contribute to impactful, technology-driven projects. Looking to bring that energy to a team solving real problems.

EDUCATION

B.E. Computer Science & Engineering

Graduation: 2027

Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore | CGPA: 7.99 / 10

Sri P. Mallaiyan Matriculation Higher Secondary School

Graduated: 2023

Class 10: 90% | Class 12: 80.5%

TECHNICAL SKILLS

Languages: Python, Java

Frontend: HTML5, CSS3, Tailwind CSS, React

Backend & DB: Supabase, MySQL, DBMS fundamentals

DevOps & Tools: Git, GitHub, Zoho Catalyst, Hostinger

AI / ML: Artificial Intelligence, Machine Learning, Prompt Engineering, Generative AI, N8N

Core CS: Data Structures & Algorithms, Operating Systems, Computer Networks

Other: Data Analysis, Statistics, Data Visualization, IoT (ESP32/Arduino)

EXPERIENCE

Web Development & AI Intern | Thennai Tech Pvt Ltd

Dec 2025 – Present

- Built a production full-stack web application using React + Vite with Supabase as the backend.
- Managed end-to-end hosting and deployment on Zoho Catalyst configured custom domain (thennai.in) via Hostinger DNS.
- Implemented Vite base path optimisation and build pipeline for seamless cloud deployment.

Software Testing Intern | Skypark iTech

May 2025

- Studied the full Software Testing Life Cycle (STLC) and various testing methodologies.
- Gained practical exposure to automation testing using Selenium with Python.

Web Development Intern | Innovate Intern

Dec 2024 – Jan 2025

- Developed a basic conference management system using HTML, CSS, and JavaScript.
- Implemented the core structure and UI of a functional web application.

Network & Security Intern | Prompt Infotech

Aug – Oct 2024

- Gained hands-on experience with network configuration, administration, and security protocols.
- Applied Linux fundamentals in a network security context.

PROJECTS

GreenOps — Sustainable Code Analyser

Python static analysis tool that calculates green scores, energy estimates, CO₂ output, and code diagnostics; includes a React/Tailwind dashboard with animated score displays. (Hackathon Winner)

Agro-Cart: AI + IoT + Solar Crop Management

Smart agricultural cart integrating AI, IoT sensors, and solar power for real-time crop monitoring. Published internationally and won the WitzGreen Agri-Hackathon.

Federated Learning + RL for Sustainable Data Centres

Research project applying FL, reinforcement learning, and quantum computing to optimise data centre energy use; presented at NCAIQBIT-26 (Best Paper).

Pagir-Feed Lives

It is a community based web application that is used to balance the food wastage and Improve circular economy for Sustainable future done using N8N for Ai Automation and Antigravity for development.

Front-End Attendance Management Tool

Web-based attendance tracker with MySQL integration for managing student records.

AI Food Chatbot

Conversational AI chatbot for food recommendations built using NLP-based prompting techniques.

IoT Energy & Water Flow Meters

Embedded systems projects using ESP32 and Arduino for real-time energy and water monitoring.

ACHIEVEMENTS & AWARDS

- ▶ 1st Place – Hack-o-Hertz 36-Hour National Hackathon, New Prince Shri Bhavani College (Project: GreenOps)
- ▶ 1st Place – TinkHerHack World's Largest Women-Only Hackathon, Kerala (Project: Green Guard)
- ▶ 1st Place – WitzGreen Agri-Hackathon, SNS College of Technology (Project: Agro-Cart)
- ▶ Best Paper Award – NCAIQBIT-26 National Conference, Karpagam Academy of Higher Education
- ▶ Top 30 Finalist – 36-Hour National Hackathon, Karpagam Academy (Project: Kural AI – Voice-First Tamil Platform)
- ▶ Finalist – 'One Day Collector' by Shankar IAS Academy & Coimbatore Corporation (Swachh Bharat pitch)
- ▶ Best Vibe Coder – Startnetvibe event, TN Startup Summit
- ▶ Sustainability Poster Presentation Winner – Avinashilingam Institute

PUBLICATIONS & RESEARCH

- ▶ E-Waste & Green Electronics: 'A Systematic Review on E-Waste and the Need for Green Electronics in a Sustainable Future' – National Conference.
- ▶ Agro-Cart: 'The Future Sustainable Agro-Cart: Integrating AI, IoT, and Solar for Crop Management' – International Conference.
- ▶ Federated & Quantum Learning: Research on FL, Reinforcement Learning, and Quantum Computing for Data Centre Intelligence – NCAIQBIT-26 (Best Paper).
- ▶ Integrated Approach: 'An Integrated Approach Using Federated Learning, Reinforcement Learning, and Quantum Computing for Sustainable Data Centers' – International Conference.

CERTIFICATIONS & COURSEWORK

- ▶ Oracle Certified Cloud & AI Foundation Associate – Oracle
- ▶ McKinsey Forward Program – Soft Skills & Aptitude
- ▶ Generative AI & Prompt Engineering – Ongoing (Jan 2025 – Present)
- ▶ Basic Programming & DSA – Coding Blocks (Jan 2024 – Present)

LEADERSHIP & COMMUNITY

- ▶ Core Team Member – Build Club (IITM Research Park & Avinuty), 2024–2027
- ▶ Student Representative (SoE) – National Service Scheme (NSS)
- ▶ Eco Club & U-75 Chairperson – Avinashilingam Institute School of Engineering
- ▶ Member – Women Developers Society Coimbatore | Google Developer Group Coimbatore (DevFest 2025 Volunteer)
- ▶ General Body Member – Aalam Foundation
